Noah Mariano

(774) 813-4545 | Grafton, MA | noahmariano2004@gmail.com

EDUCATION

Worcester Polytechnic Institute | Worcester, MA
Bachelor of Science, Electrical and Computer Engineering *Expected Graduation: May 2027*
Concentration in Computer Engineering and Embedded Systems | GPA: 3.6

Relevant ECE & Computer Science Courses:

- Embedded Computing, Real-Time Embedded Systems, Digital Circuit Design, Microelectronics I, Sensors - Circuits & Systems, Intro to Power Systems, Intro to Wireless Networks
- Intro to Program Design, Object-Oriented Design Concepts, Algorithms

Blackstone Valley Regional Vocational Technical High School | Upton, MA *May 2023*
High School Diploma + Technical Certification (Engineering and Robotics)

TECHNICAL PROJECTS

Strategic Backyard Conservation Research | Honolulu, HI *March 2026*

- Conducting applied ecological research on native plant species and habitat restoration strategies to support local biodiversity
- Developing evidence-based recommendations for small-scale conservation planning

Real-Time Snake Game on TM4C1294XL Microcontroller Using FreeRTOS *November 2025*

- Developed a real-time Snake game implementing FreeRTOS task scheduling for player input, game logic, display control, and audio feedback
- Ensured deterministic behavior through queues/semaphores; optimized CPU utilization by analyzing task priorities and stack usage

Embedded Time and Temperature Display System Using MSP430 *November 2025*

- Developed an embedded system on the MSP430 to measure and display real-time temperature and time using ADCs and ACLK-based timers
- Implemented timer-driven updates and peripheral configuration using C and direct register access

SKILLS

Analog Circuit Analysis and Design | Digital Logic | Embedded Systems | FPGA | 3D CAD | 3D Printing | Soldering

Software: Multisim, LTSpice, Code Composer Studio, Vivado, Autodesk Inventor, Solidworks, AutoCAD, Revit, Microsoft Office Programs

Languages: C, C++, Python, Java, Verilog, MATLAB

Instrumentation: MSP430, TM4C1294XL, Digilent Basys 3, Oscilloscope, Function Generator, Digital Multimeter

Certifications: OSHA 10-Hour Certification, Six Sigma Certification: White Belt, Autodesk Inventor Certification

WORK EXPERIENCE

Chemical Stockroom Clerk | Worcester Polytechnic Institute | Worcester, MA *September 2023 – Present*

- Provide assistance to professors and students for their research or class needs
- Process packages and inventory supplies

Front End Head Cashier | Roche Bros. Supermarkets | Westborough, MA *May 2023 – Present*

- Supervise front-end cashiers to ensure efficient checkout operations and customer satisfaction
- Coordinate cashier assignments, breaks, and workflow during shifts

AWARDS

Skills U.S.A. - Related Technical Math - State Medalist - Silver (2022); Bronze (2021 & 2023)
